God's love in action...

Dear Supporter

First of all, we wish you a New Year full of blessings of God over your families, businesses and over you. We have been going through a number of challenges at the "New Beginning" Children's home during the last four months of 2009. Four staff members have left us. These changes have overwhelmed Luli and me, because the new staff need training. Notwithstanding these changes, we are blessed because they are all believers from our church.

Please pray for the new staff that God will lead them in right relationships with the children, and the children adjust to these changes. Actually, the children were familiar with the members of the new staff, because they are all believers of our church, and this made it easier for both of them in this transition.

Four months now the children have started the school, most of our energies are dedicated to school. Please pray this New Year will be successful for all the children at school.

## The children - Transforming Lives

**Joni: 16 years old.** This young man's life is somewhat weird. It seems like the devil attacks him more than any of the other children, but thanks to God we and Joni have won the battles till now. The situation in Joni's family is really bad. As you may know, his mother has committed suicide and his father abandoned him 15 years ago. Two of his brothers are in jail in Greece for drug trafficking, and his sister is divorced. It looks clearly the devil has found a comfortable place in his home and is not happy that Joni is safe. Joni went home for New Years. His brother from Greece called him saying to him to buy a gun and kill a person. Joni replayed he is another person now saved by God and that he would never do such a thing. After his answer, his brother denied him forever as a brother. This is very painful for Joni. Luli and I spend a lot of time with him and pray for God's protection over his life. His life has transformed during the last three months, as he allowed God to do this transformation. Please continue to pray for Joni and the situation in his home.

**Pireta: 15 years old.** Pireta started her first year middle school (grade 10) and studies to be a painter. She won the entry contest as the best one and now she is a senator of her class. She seems to be really happy and very talented. Although she is talented, she still needs hard work for best results at school.

**Erjoni: 15 years old.** We are very happy with Erjoni. He is growing up very well and seems that he is growing through his adolescence with a high sense of obedience, the most powerful weapon of his life. He is changed a lot in his relationship with God. He is active in the church and has started auditions to be part of the worship team. In the last two years, he was not willing to take part in church services, but the changes are obvious in his life now. Erjoni is not good at school; he is not devoted at all. Please pray for him to keep growing in God and for good results at school.

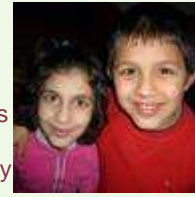

**Dashmira: 16 years old.** Dashmira is a calm girl and very obedient. We have information's that Dashmira's mother who lives in Bolzano, Italy has all the documentation ready to get Dashmira in Italy, like her older sister Elona, who joined her mother in May 2009. We believe this will be a good thing for both, because now we know that the situation and the accommodation in Dashmiras mother's house are safe. My family and I visited Elona in Italy last summer and

we saw everything was OK in their home. Please pray for their union as soon as possible, because Dashmira is anxious to join her mother and her sister at last.

**Kristi and Krista: 7 years old.** As you know they are twins and for three years are parts of our children's home. They are twins, but completely different from each-other.

Krista is a calm girl and very obedient. She is so good, that her nickname is 'flower'. She is going very well at school. Kristi is the opposite of his sister. He is expressive and sometimes disobedient. He is good at school, but he has the capacity to be much better. During October & November 2009, Kristi had allergy problems and was twice hospitalized. Please pray for his health, because it seems that in different periods of the year he gets allergic by the humidity, eggs etc.

**Resi: 17 years old.** We are very happy by her behaviour. In fact, Resi tries hard to be good at school. She is a devoted believer at church. Resi doesn't want to visit her mother, because of her sister. So, when all the children go to their parents, she is a guest to Kastriot and Dorina's home. They are like a second family to her. We thank God for Resi and pray for a long relationship with this couple.

**Bujana: 13 years old.** She is an interesting girl, very quiet and doesn't mingle much with the other children. Actually she needs a lot of prayer, because it seems not normal for us and her to be so silent and withdrawn. We have prayed for her and believe that the reason comes from her childhood when her father used to beat her mother in her presence. She is not good at school and she doesn't spend time learning. Please pray for her situation.

**Eda: 8 years old.** Eda is Bujana's sister, but she is completely her opposite. She is always active at home and it is impossible for someone coming home for 5 min without being introduced with her.

Eda and Bujana are the same in one thing; they both are headstrong. Eda can be aggressive with the other children and the staff. The only person she is obedient with is me, Paulin. Please pray for her situation, because we believe she needs a miracle from God in her life.

**Liza: 8 years old & Tonja: 7 years old.** They are sisters with very exemplary behaviour and great results in school. Only a short time ago, their parents had their 11th child. They have a catastrophic situation at home. They are extremely poor and are expecting a newborn baby, all the other children live in different orphanages over Albania. Please pray, we thank God for Liza and Tonja. They are a blessing for all of us.

## Please Pray!

Most importantly, we would like you to pray for the financial situation of the children's home in this New Year. We would also like you to pray that we can take the children on vacation this summer.

**We thank all of you for your prayers and financial support, without you, this will be an impossible mission. We are grateful to God for choosing you to support this children's home with your prayers and finances.**

Love in Christ,  
**Paulin & Luli**
