## News from New Beginnings Children's Home

May 2010

Dear friends,

**Greetings from the New Beginnings Children Home!**

**I would like to kindly ask you to have some of your time to read this letter with particular attention.**

**It is a privilege for us, Paulin and Luli Vilajeti, to come to you through this letter with our gratitude for keeping us in prayer in our devoted work at the Children's Home. During the last three months, we have been going through several attacks from the devil with difficult situations in two particular families of the children from our children's home.**

### **Dashmira.**

As you know, she is Elona's sister. Last year Elona joined her mother who lives in Bolzano, Italy. At the end of April she and her mother came from Italy to get Dashmira to live with them, so the family will be complete. They stayed a week at the children's home. It was a blessing to have Elona again at home with the other children. So when Dashmira turned 17 she joined her mother and now they all live in Bolzano, Italy. Please pray for Dashmira and her new life with her mom. It took a year to Elona to get comfortable in living with her mother, so Dashmira needs prayers, too.

### **Joni.**

I hope you remember from my last letter about Joni's brothers who were in jail in Greece for drug trafficking. One of them, named Lulezim used to call Joni very often saying him to get a gun and kill the person he had problems with. This conversation began last September 2009 and lasted till

January 2010 when Joni decided to close the communication with his brother. He called me also from jail asking to convince Joni to change his mind, but I said to him I was not going to be in the middle of them. He kept telling me he

was convicted 15 years, but we discovered that he was in jail for life for killing a Greek man and for drug trafficking. A month ago we received a phone call from Joni's uncle. He told us that Lulezim (Joni's brother) was murdered by the Russian mafia in jail for drug conflicts. Joni was really sad and continues to be like that. It is sad when you think of Joni's mother suicide in the lake, leaving him behind on the shore, abandoning by his father, one brother in jail in Greece, another one killed, a divorced sister, another one raped from their uncle's son. Joni is 17 now and he understands these things very well. It is the moment when we should strongly and persistently pray for God's protection on his life.

### **Tone and Liza.**

You may have heard about their father's sudden death. Their family lives in a horrible poverty; their mother is paralyzed living in a cabin with a newborn baby of 10 months old and her other 10 children live in different children's homes all over Albania. Actually Tone and Liza do not know about their father. Their mother will come and tell them personally. Tone has been very close to her father. Last year, they saved money from the allowances we give them every week to buy a mobile phone for their father. When we heard the story, we bought him a cell phone and now they keep asking why he is not calling them anymore. It is a difficult situation

KINGSCARE, The King's Centre, High Street, Aldershot, Hampshire, GU11 1DJ

and it will be even more so when they will know the story. Please pray for Tone and Liza.

### Erjoni.

He is living many changes in his life. He is practicing to play the drums and is doing well. It takes a lot from his time, but he is pleased with it. The same problem remains the school; he does not care about it, it seems not necessary to him regardless of our hard work with him. Please pray for a revelation from God to Erjoni. Erjoni has also begun to evangelize and open his own cell.

### Resi.

This year she turns 18. She has been and continues to be a blessing for the children's home and us. She is praying to be a hairdresser. We also are praying for her that she can start a course to get qualified this summer. Please pray for her to find the right place to do it. She also is practicing to be part of the church worship team.

### Pireta.

She turned 16 this year. Actually Pireta needs a lot of prayers, because now she is grown-up enough to understand that she is the only child without any relatives asking for and taking care for her. Luli and I stay close to her and she considers us as her parents, but sometimes she acts as a little kid who has nothing to lose. She is very talented at school, but she needs to study. It seems that even though she is an intelligent child, she is lazy. Please pray that God will do the best for Pireta and she will allow Him to do so.

### Bujana.

During these three months she is more obedient and is getting better at school. In fact, she needs prayers, because she continues to be a closed person and it is very difficult to understand what is going on in her life. She is really smart and this year she turns 13.

### Finances.

In the middle of March, I had a meeting with the Kingscare Board. They told me all the difficulties they have with the finances for the Children's Home. As you know from two years now we are going through these difficulties, because all the money comes from the UK. The devaluation of

Pound and the inability to raise enough money has rendered the situation more difficult. The board, also told me that beginning September 2010 we will be getting less from them due to restrictions on Kingscare finances.

Seriously it gets even more difficult to run this children home. I talked to the kids about that and we decided as staff and the grown children (not the little ones) to fast and pray for three days. All the children asked to pray and fast with us, but we decided only the older ones will do that: Joni, Erjoni, Pireta, Resi, Dashmira and Bujana. It was a big blessing to see the children's devotion in prayer. This was the first time since the establishment of this children's home that they spend time in prayer and fasting for the home's own finances.

Please join us in prayer for the finances of the children's home. We need 1 000 Pound more every month. We believe God will speak to your hearts to contribute in the success of this home. We kindly ask you, if anyone wants to be part of the protection army of our children's home by giving financially, now is the time to do it. We believe God will not let the devil laugh with this financial problem we have.

We have been praying a lot for God to provide to take the children to the beach in the middle of June for a holiday. Last year we did not have the chance to do it, I believe I wrote this in a previous letter, this was one of my points, please pray again for this.

**We thank God for you and your families for keeping us in prayer. We pray that everything you plant today will be rewarded to you 100 % in you life, your families and your finances.**

Love in Christ

Paulin & Luli Vilajeti
