

Emergency Appeal

East Africa Food Crisis

Kingscare are making a response to the East Africa Food Crisis and have launched an emergency appeal to help people affected in the region

The drought has intensified in places such as Eastern Kenya, where we have long standing partnerships with people who are looking to help communities affected by some of the worst drought conditions in 60 years.

PICTURE THIS:

You have no social services, there is no employment, the little you have saved is gone and you feel helpless when you look at your children. You have no money as means to feed your children and everyday you are faced with getting water that is 40Km away.

This is the situation for so many in this region, with your support we can help tell a different story and change lives today.

With increasing food prices, failed harvests and the continuing drought conditions, 10 million people are left on the brink of disaster.

With your support our partners will be able to reach some of the hardest hit areas not only with the emergency aid that is so desperately needed, but also reaching out to communities with the love of God, not only bringing food to the hungry, but hope to the hopeless.

Join us in helping save a life today

Today you can help us change the direction of peoples lives, and help us show a nation on the edge that we care.

Please give what you can today as so many are in need of drastic intervention. Jesus is so at one with these people, he sees their need, feels their suffering and says “if you do it to the least of these you do it to me”

It is when we act in such times as these that we see the “Kingdom coming” and the will of God being done on earth

Thank you for your support and care.

Matt 25:40 Truly I tell you, whatever you did for one of the least of these brothers and sisters of mine, you did for me.’

Join us and save a life today
