CONGO (DRC) Sponsorship

The Educational Sponsorship project is primarily designed to ensure that children in Kilibula Primary School, Uvira, DR Congo can attend school and receive a good education. The children come from extremely poor families and some of them have lost parents and family members in the recent war.

Many of them cannot go to school because their families cannot afford the school fees, books and equipment. There is currently no state funded primary education in this area. Also older children in the community have not been able to complete their secondary education because their parents are too poor and they are forced to drop out.

Needs vary for each student. You can be sure that the education of "your" child will be a priority but some of your sponsorship money may be used to benefit other children.

Where do they come from?

Harehills Lane Baptist Church in Leeds have formed a partnership with the Baptist Church in Uvira and have set up a school programme to help all children from the catchment area enrolled in the school.

Can I write to the student?

Yes, please do! We ask you to send it through us and we will ensure that it is translated.

We cannot guarantee replies, but we actively encourage the student or the families to write once every six months. However cultural and practical communications differences means that forming a relationship is possible but needs to be "worked at".

What does Sponsorship cover?

- School fees
- School uniforms, shoes etc.
- Exercise books, Text books etc.

Birthdays and Christmas?

You may send a card through us - but please no presents. At Christmas we will invite you to contribute to a Pooled Christmas Fund to ensure that all students receive the same extra amount.

How does sponsorship work?

- The church leadership in Uvira, DR Congo select children and send details to Kingscare in the UK.
- We invite you to fill in this response form.
- KINGSCARE sends you a sponsorship card containing a photograph and brief details of the student.
- You may then communicate with "your" student.

This picture shows inside the Kilibula Primary School building that the children attend. The school was looted by rebels who even stole the window frames.
