MONGOLIAN Child Sponsorship

The Child Sponsorship project is primarily designed to ensure that children in Mongolia are able to attend school and receive a good education. The children come from extremely poor families.

Although school education is free, many children cannot attend school because their families cannot afford to buy items such as school teaching materials as required of them by the government. Also many children do not have clothes or boots to wear. The State Kindergarten also requires the parents to pay for food as well as teaching and household materials.

Needs vary for each child according to what is happening in their lives. This, and other variables means that there is not an exact link between the money you give and the benefits received by the child.

What does Sponsorship cover?

- Teaching materials
- Clothes and boots
- Food
- Medicine when needed and vitamins to build up the children to help prevent rickets.

Where do they come from?

Jubilee Society, a Mongolian NGO (non-governmental organization), which is working amongst the very poor in 3 slum districts around Ulaan Baatar, has contacts with many families. Many of the children of these families, aged between 2 and 7 are at risk due to the harsh conditions in which they live. Sponsorship will be used to help the children through kindergarten and school and help the families as well.

Can I write to the child?

Yes, please do! We ask you to send it through us and we will ensure that it is translated. We cannot guarantee replies, but we actively encourage the children or the families to write once every six months. However cultural and practical communications differences means that forming a relationship is possible but needs to be "worked at".

Birthdays and Christmas?

You may send a card through us - but please no presents. At Christmas we will invite you to contribute to a Pooled Christmas Fund to ensure that all children receive the same extra amount.

How does sponsorship work?

- The Jubilee Society select children and send details to KINGSCARE in the United Kingdom.
- We invite you to fill in this response form.
- KINGSCARE sends you a sponsorship card containing a photograph and brief details of the child.
- You may then communicate with "your" child.

This is Heeguihuu. He is 7 years old. His parents are both deaf and do not communicate verbally. When Heeguihuu first came to the Jubilee Centre he could not speak. He is a very bright little boy and is now able to attend school.
