## What is the value of education

How can we put a price on the value of education? In developing countries it is vital both for the country as a whole and for the children who are the hope for it's future.

## Kingscare Education Sponsorship

The Education Sponsorship project is designed to ensure that children, young people and adults in developing countries are able to attend school and receive a good education.

The students come from extremely poor families. Many have only one parent - some have lost their parents to disease or to civil war.

Many children cannot attend school because their families cannot afford to buy items such as school uniforms, shoes and exercise books. Without these, children can be sent home and soon drop out of the system.

Needs vary for each student according to what is happening in their lives. This, and other variables means that there is not an exact link between the money you give and the benefits received by the student.

## What does Sponsorship cover?

- School fees
- School uniforms, shoes
- Exercise books, text books etc.
- Food supplements where possible and medicine if needed

## Can I write to the student?

Yes, please do! We ask you to send it through us and we will ensure that it is translated. We cannot guarantee replies, but we actively encourage the student or the families to write once every six months. However cultural and practical communication differences mean that forming a relationship is possible but needs to be "worked at".

## Where do they come from?

At the moment we sponsor students from: Sri Lanka, Mongolia, Uganda, Russia, Nigeria, Guatemala and India.

## Birthdays and Christmas?

You may send a card through us - but please no presents. At Christmas we will invite you to contribute to a Pooled Christmas Fund to ensure that all students receive the same extra amount.

## How does sponsorship work?

- Various overseas churches and Christian organisations select students and send details to Kingscare in the UK.
- We invite you to fill in the response form in this leaflet.
- Kingscare sends you a sponsorship card containing a photograph and brief details of the student.
- You may then communicate with "your" student.

## Liz sponsors Mukund Kumar

" I have sponsored Mukund for 2 years now. He is the 4th child I have sponsored through Kingscare. I had the opportunity to meet him when I went

to India on a youth training trip. He was very sweet and wanted to hold my hand.

I visited the school he went to. It was clean and there was work on the walls. The school field had a cricket pitch and all the children, including Mukund, loved playing cricket. Occasionally I get letters and photos from him and I send him Christmas cards".
